To Atlanta Community Food Bank,

This letter is to enlighten the appropriate individuals that the "Keepin' It Real" Lighthouse organization has been diligently delivering various food items to the faculty and parents here at Herndon Elementary for over two years on every Monday. The Herndon Elementary staff consists of fifteen faculty members and about ten staff members whom all benefit from the contributions provided by this organization. This is in addition to the parents of all our students whom also benefit from their contributions each and every Monday. Their continuous contribution to our families here at Herndon Elementary is greatly appreciated and we hope that they will continue to provide their services to our school and community in the future.

Thank you for your time.
